

The 2026 Eastern Synchronized Skating Sectional Championships will use a "request and place" process for team hotel bookings. Each team or organization will complete a **Hotel Intent form** to share housing needs that the LOC will use to place the team at one of the contracted hotels.

The Skating Club of Boston LOC will manage housing assignments and the primary contact will be Dede Wilson (dede.wilson@scboston.org). **Do not contact any hotels directly.** Housing blocks have been reserved with preferred rates and hotels have been instructed not to accept bookings from anyone other than the LOC contact. **There will be a \$1,000 penalty**, per team, for any team that does not follow this housing selection process.
